

Template Modifications

Non conformity Report template updated.

10 September 2002

All templates updated to Word2000.

18 July 2001

Technical Specification and Technical Description for Market Survey

22 November 1999 - A new version of the Technical Specification is available. It includes a number of corrections approved by the Specification Committee on 1999-11-04. The same corrections have been made to the Technical Description for Market Survey

Engineering Specification and Engineering Change Request

14 October 1999 - Added macros to update the fields in the headers and to update the page number when saving the document.

Invitation to Tender Questionnaire

11 October 1999 - "Supplier" replaced by "Bidder" on front page

Technical Specifications and Technical Descriptions for Market Surveys

25 June 1999 - Bulgaria has been added as the 20th Member State

Technical Specifications

27 April 1999 - A new version of the Technical Specifications is available. Users not in the CERN NICE environment should discard their old version of this template and download the new one.

Changes:

Annexes are now placed at the end of the document. They are listed in the table of contents.

- The packing list is removed. A reference to the Covering letter and the TIS documents relevant to the execution of the contract is made in paragraph 5.2.1 "Related Documents"
- References to documents (Tender Form, Market Survey, Covering Letter, etc) are now written with an upper case first letter.
- The update_doc_no macro is replaced by a set of 4 macros:
 - to insert figure captions
 - to insert table captions
 - to insert a list of figures
 - to update ALL the document number (including group Code and EDMS No), updating at the same time the table of contents, the table of figures, table of tables and the caption numbers.
